

YOUR DONATIONS AT WORK

Dear Partner,

2015 is going to be a critical year for Israel and the nations of the world! This year we will see if the Administration signs a sham agreement allowing Iran to obtain nuclear weapons capability. This year we will see whether the Palestinians reject negotiations by bringing complaints against Israel to the International Criminal Court. This year we will see if the anti-Israel forces on campus continue to lie about Israel and bully those who dare to challenge them.

REMEMBER THIS TRUTH

CUFI will not be a bystander in any of these battles. We do not read the news and sulk. We shape the news each and every day on behalf of the Jewish people and the land of Israel.

Our friends in Congress have promised new sanctions legislation against Iran in the likely event that they are not forced to abandon their nuclear weapons program at the negotiating table. **CUFI will be there** to support this legislation if and when it's introduced.

The Israeli government has called for ending U.S. aid to the Palestinian Authority in the event they abandon negotiations in pursuit of a campaign to delegitimize Israel in international bodies. If the Palestinians continue down this dangerous path, **CUFI will be there** to ensure that they will not do so with the benefit of our tax dollars.

Our students have warned us that they expect an energized campaign of anti-Israel hate to sweep their campuses in the coming semester. **CUFI will be there** to train and support pro-Israel Christian activists across the country.

To advance these efforts, in addition to hosting events around the country, just this past month CUFI held two large leadership gatherings in San Antonio.

The first was our annual **Student Advocacy Leadership Training Seminar**. During the three-day event more than 160 student leaders from across the country came together to hear from leading experts and CUFI senior staff about the Biblical mandate that we stand with Israel, and the strategic and tactical methods for doing so on college campuses.

In addition, at the end of the month, over 200 of CUFI's top leaders from around the country gathered in San Antonio for our annual **Leadership Summit**. During this highly focused gathering, these leaders heard from some of the top Middle East experts and pro-Israel advocates in the world. In addition, they shared best practices with one another so that each could go back to their hometowns and hit the ground running in 2015. As CUFI continues to grow our numbers, we are working hard to ensure that we improve the quality and impact of each and every one of our leaders and members.

And this July, we will be holding our tenth Washington, DC Summit. This annual event has helped change Washington's perception of the pro-Israel community and has made every member of Congress aware that they ignore the issue of Israel at their peril. As we plan to go back to DC for our tenth summit — representing over two million members across the country — we intend to drive this message home more forcefully than ever. Support for Israel is not just a Jewish issue. It's not just a Christian issue. It is an American issue.

We know that we would never have reached this point without your help. And we know that we will not be able to meet these coming challenges without you. We are a team, and together we are changing the U.S.-Israel relationship for the better. We pray that we will continue to enjoy your prayers and your support in the challenging year now unfolding.
